WELCOME TO THE ITEC ACCREDITED TEACHING QUALIFICATION @ BRONWYN CONROY

Bronwyn Conroy first opened it's doors on the 1st of March 1972 and has been synonymous with excellence in beauty therapy training ever since. We are delighted to offer the ITEC Accredited Teaching Qualification which is recognized Internationally all over the world.

This course will allow you to travel and to combine teaching with your current career or indeed start a new career!

The field of Teaching and assessing are changing constantly and more and more opportunities are presenting themselves for qualified professionals within the Hair & Beauty Industry. Why not prepare now, be ready for the demand or when you decide to make that change!

This course offers you the opportunity to work as a Trainer in any Private College, for a brand or distributor, to teach adult learners, to work overseas in educational Schools and Colleges, to work for Colour/Cosmetic companies and to deliver training to a Hair or Beauty salon in a Training capacity.

To become a Teacher in 6 or 7 Sunday's is not possible, we feel it is really important to point out that the Sunday's that you are with our Tutor is just a small part of the overall learning required. You will be required to observe as much teaching as you possible can. We can offer 3 hours a week for a period of 12

weeks for each student, however we would suggest that you also obtain hours in a School or College local to you. (30 Hours in our Requirement for completion of this certification).

We are now also including the DISC Behavioural Psychometric Test for each participant. This report helps you to understand your behavior, the impact it may have on others and most important of all how to recognize this behavior and communication style as you prepare to teach a group. This report and training is being offered as part of the course with no extra fee as this is the first group that we are including it with. We will be asking for your feedback of the value of the process.

Each assignment will require research, study and detailed work to be completed on your own. The Tutor is there as a guide and will assess your work, but unlike Beauty, Hair or make-up school, you do the work, you do the research and your complete the assignments.

Our goal is to ensure that when you leave our School, you have the skills to "continue to become" a wonderful Tutor" with practice and time.

With all that we wish to cover it is now also compulsory to attend 90% of the class times (only 1 Sunday may be missed – if you miss more than this , you may join the next course).
